

The ProStrux MagGuard Threaded Rod Safety Guard is designed to provide enhanced safety in commercial environments by covering exposed threaded rods, reducing the risk of injury and damage.

Liability Disclaimer

The “MagGuard Threaded Rod Safety Guard” (the “Product”) is designed by ProStrux, LLC (“ProStrux”) to enhance safety in commercial environments when used in accordance with the instructions included herein, its specifications, and its intended purpose. While we endeavor to provide a high-quality and reliable safety solution, ProStrux makes no guarantees regarding the Product’s performance in every conceivable situation.

To the fullest extent permitted by law, ProStrux, its affiliates, officers, directors, employees, and agents shall not be liable for any direct, indirect, incidental, consequential, special, or punitive damages—including, but not limited to personal injury, loss of life, property damage, business interruption, loss of business, or economic loss—arising from the use, misuse, or inability to use the Product, even if such damages are caused by negligence or other fault. This disclaimer applies regardless of whether such claims of damages arise under contract, tort, statute, common law, or any other legal theory.

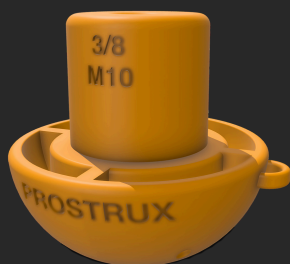

The Product is not a substitute for proper safety protocols, training, or compliance with applicable federal, state, or local laws, regulations, and industry standards governing the spaces in which the Product may be used. Users of the Product assume full responsibility for ensuring that the Product is installed, operated, and maintained correctly and solely for its intended purposes as outlined in the included user manual. It is the user’s responsibility to ensure that the installation of this Product complies with all applicable local, state, and federal regulations. Regular maintenance and inspection are necessary to ensure the continued effectiveness of the Product.

The effectiveness and performance of this product may vary depending on individual circumstances and proper installation, maintenance, and use. Any modification, unauthorized repair, or use beyond the Product’s specified capabilities voids any warranties and releases ProStrux from any and all liability connected in any way with the Product. If the Product is installed or serviced by a third party, ProStrux disclaims any responsibility for the quality, safety, or efficacy of such work and any resulting consequences.

By purchasing, installing, or using the Product, you explicitly acknowledge that safety outcomes depend on numerous factors beyond ProStrux’s control, including but not limited to environmental conditions, individual medical conditions, user behavior, and third-party actions. ProStrux expressly disclaims any implied warranties of merchantability or fitness for a particular purpose beyond those explicitly stated in writing.

This disclaimer is governed by the laws of South Carolina, and any disputes shall be resolved in accordance with South Carolina law.

Limited Warranty and Return Policy

The ProStrux MagGuard Threaded Rod Safety Guard is designed to provide enhanced safety in commercial environments by covering exposed threaded rods, reducing the risk of injury and damage.

Limited Warranty & Return Policy

Limited Warranty — Replacement Only

ProStrux LLC (“ProStrux”) warrants that its safety products are free from defects in materials and workmanship under normal use for one (1) year from the date of original purchase. If a valid warranty claim is received within the warranty period, ProStrux will, at its discretion, replace the defective product with a new or equivalent product. Replacement items are warranted for the remainder of the original warranty period.

Exclusions: Misuse, abuse, improper installation or modification; normal wear and tear; exposure to chemicals, weather, or environmental conditions; use contrary to ProStrux’s installation instructions. This limited warranty is exclusive and in lieu of all other warranties, express or implied, including but not limited to warranties of merchantability or fitness for a particular purpose. ProStrux shall not be liable for incidental, consequential, or indirect damages, including but not limited to labor costs, downtime, or loss of profits, even if advised of the possibility of such damages.

Submitting a Warranty Claim: Contact Info@prostruxsolutions.com with proof of purchase, product photos, and a description of the issue. Once approved, ProStrux will issue a replacement authorization and provide shipping instructions. Claims must be submitted within the warranty period.

Return Policy

Return Eligibility: Returns accepted within 30 days of delivery; items must be unused, undamaged, and in original packaging. Used or installed products cannot be returned due to safety and compliance regulations.

Condition Requirements: Returned items must be free of dirt, debris, or jobsite wear. Products showing signs of use, alteration, or environmental exposure are not eligible for return.

Inspection & Approval: All returns are subject to inspection and approval before credit is issued. Defective or damaged items upon arrival must be reported within 5 business days of receipt.

Refunds: Approved returns refunded to the original payment method within 5–10 business days after inspection. Shipping charges non-refundable. Customers are responsible for return shipping unless due to a ProStrux shipping error or defective product.

Bulk Orders: Orders exceeding 500 units may incur a 15% restocking fee. Partial returns accepted only if full cases are unopened.

Non-Returnable Items: Custom-labeled, special-order, or private-marked safety items; any product exposed to a jobsite environment or showing installation marks.

Installation Guide, Technical Specification, Warnings & Terms

The ProStrux MagGuard Threaded Rod Safety Guard is designed to provide enhanced safety in commercial environments by covering exposed threaded rods, reducing the risk of injury and damage.

Installation

- Before using the Prostrux MagGuard, conduct a thorough inspection.
- Check for any damage to the cap; if you notice any deformities or damage, please dispose of the cap, as using a damaged one could lead to serious injury.
- Verify that you are using the correct size MagGuard protective cap for your specific threaded rod size before installation.
- Verify the threaded rod meets the minimum required threaded rod length of 1.25".
- Attach optional hazard warning flag at the designated attachment point.
- Firmly place the MagGuard onto the end of the exposed threaded rod.
- Apply pressure until the internal magnet of the MagGuard makes contact with the end of the protruding threaded rod.
- To ensure a secure attachment, the MagGuard must be vertically centered on the end of the protruding threaded rod.

Specifications

- Safety High Visibility Color (red, orange, yellow, green, and blue)
- High Impact Polypropylene Plastic
- Neodymium rare earth magnet
- Compatible with sizes $\frac{1}{4}$ - $\frac{7}{8}$

Warnings

- The MagGuard is intended to be used at-grade (same level as projection) or above-grade. This device is not intended for use against risk of impalement below-grade.
- Proper use of this product is the responsibility of the user. User must be familiar with proper installation and inspection of this tool prior to use.
- Magnet Safety Warnings:
 - Strong Magnet: Handle with care; may cause injury or damage
 - Medical Devices: Keep away from pacemakers and other implantable devices
 - Electronics: Keep away from phones, credit cards, hard drives, watches, and sensitive electronics.
 - Temperature & Environment: Do not expose to extreme heat or corrosive conditions; may lose magnetic strength.
 - Magnetic Strength: Holding power varies with surface material, coatings, rust, or debris. Confirm adherence before use; do not rely solely for safety-critical tasks.
 - Keep out of reach of children. Not a toy.
 - Product does not support additional suspended loads
- This product contains strong magnets. Read all warnings before use. Keep away from children, medical devices, and electronics. Use PPE, handle with care, and confirm attachment.

Terms of Use

- All ProStrux products should be used according to industry standard and reviewed by jobsite engineer before use.
- ProStrux products are intended for use by trained, qualified, and experienced workers only. Misuse or lack of supervision and/or inspection can contribute to serious accident or deaths.
